

Blender CX 720

TUR MIX

High quality and modernity combined in a timeless design

Refined details, powerful performance and intelligent functions. With this blender the day starts with joy!

Feature

6-bladed and serrated stainless steel knife

Powerful 1000 watt motor
19000 revolutions per minute (pulse function)

Stepless speed controller, pulse switch, programs for smoothies and crushed ice

1.5 liter glass jar with measurement scale and safety lock

Robust plastic housing with stainless steel finish and anti-slip feet

Benefit

Ideal for smoothies, fruit juices and crushed ice.

Fibrous fruits, nuts and ice are also mixed powerfully without any problems.

Perfect result for various uses and preparations. Easy to use thanks to the preset programs.

Easy to clean, hygienic and a plus in safety. The internal structure, in combination with the 6-bladed knife, guarantees perfect blending and pureeing delights.

Robust and a big plus in terms of safety thanks to the non-slip stand.
